This exploded view diagram illustrates the assembly of a wooden cabinet. The main components shown are the upper and lower cabinet frames, two internal shelves, and two doors. The assembly is detailed with various hardware:

- Top Frame:** Features a circular inset showing two corner brackets (labeled 'x 2') being attached to the top edge with screws. Another inset shows a screw being driven into the top panel.
- Shelves:** Two shelves are positioned between the upper and lower frames. They are supported by vertical brackets and secured with screws.
- Doors:** Two doors are shown at the front. One inset shows a hinge being attached to the inner edge of a door. Another inset shows a door pull or handle being mounted on the outer edge.
- Hardware:** Numerous screws and brackets are shown in their respective positions for assembly. A circular inset at the bottom left shows two small circular components, possibly feet or spacers, being attached to the base.
- Assembly Arrows:** Arrows indicate the direction of assembly for various parts, such as the top panel being attached to the frame and the doors being swung into place.
